## SUBJECT INDEX—VOLUME 118

R = Review

### ACADEMIC DETAILING

Group versus individual academic detailing to improve the use of antihypertensive medications in primary care: A cluster-randomized controlled trial, 521

### ACCURACY

Consumer health information on the Internet about carpal tunnel syndrome: Indicators of accuracy, 168

### ACE INHIBITORS

Progression of chronic kidney disease: Can it be prevented or arrested? (R), 1323

### ACTIVITIES OF DAILY LIVING

Frailty, hospitalization, and progression of disability in a cohort of disabled older women, 1225

### ACUTE CORONARY SYNDROMES

How should patients with unstable angina and non-ST-segment elevation myocardial infarction be managed? A meta-analysis of randomized trials (R), 465

Medication performance measures and mortality following acute coronary syndromes, 858

Pulmonary artery catheterization in acute coronary syndromes: Insights from the GUSTO IIb and GUSTO III trials, 482

### ACUTE MYOCARDIAL INFARCTION

How should patients with unstable angina and non-ST-segment elevation myocardial infarction be managed? A meta-analysis of randomized trials (R), 465

### ACUTE RESPIRATORY DISTRESS SYNDROME

Recent advances in mechanical ventilation (R), 584

### ADENOMA

Risk of proximal colorectal neoplasia among asymptomatic patients with distal hyperplastic polyps, 1113

### ADHERENCE

Estimating the proportion of patients infected with HIV who will die of comorbid diseases, 890

### ADRENAL GLAND NEOPLASMS

Evaluation and treatment of Cushing's syndrome (R), 1340

### ADRENAL INSUFFICIENCY

Endocrine disorders during the first year after autologous stem-cell transplant, 664

### ADVANCED ACCESS

Prolonging the return visit interval in primary care, 393

### ADVERSE DRUG EVENTS

The incidence of adverse drug events in two large academic long-term care facilities, 251

### ADVERSE EFFECTS

Are we giving too much iron? Low-dose iron therapy is effective in octogenarians, 1142

### ADVERSE EVENTS

Infliximab therapy in established rheumatoid arthritis: An observational study, 515

### AFRICAN AMERICAN

Outcomes in African Americans and whites after percutaneous coronary intervention, 1019

### AGED

Screening for colorectal, breast, and cervical cancer in the elderly: A review of the evidence (R), 1078

### AGING

Homocysteine versus the vitamins folate, B<sub>6</sub>, and B<sub>12</sub> as predictors of cognitive function and decline in older high-functioning adults: MacArthur Studies of Successful Aging, 161

### AIOS

Estimating the proportion of patients infected with HIV who will die of comorbid diseases, 890

### ALANINE AMINOTRANSFERASE

Evaluation of cases of severe statin-related transaminitis within a large health maintenance organization, 618

### ALCOHOL DRINKING

The prevalence and impact of alcohol problems in major depression: A systematic review (R), 330

### ALCOHOLISM

The prevalence and impact of alcohol problems in major depression: A systematic review (R), 330

### ALDOSTERONE

Progression of chronic kidney disease: Can it be prevented or arrested? (R), 1323

### ALL-CAUSE MORTALITY

Association between fish consumption and all-cause and cause-specific mortality in Japan: NIPPON DATA80, 1980-99, 239

### AMIODARONE

Amiodarone and the thyroid (R), 706

### ANGIOPLASTY

Statin therapy reduces contrast-induced nephropathy: An analysis of contemporary percutaneous interventions, 843

### ANGIOTENSIN RECEPTOR BLOCKERS

Progression of chronic kidney disease: Can it be prevented or arrested? (R), 1323

Update on the drug treatment of hypertension in patients with cardiovascular disease, 695

**ANGIOTENSIN-CONVERTING ENZYME INHIBITORS**

Correlates of cognitive impairment among patients with heart failure: Results of a multicenter survey, 496

Update on the drug treatment of hypertension in patients with cardiovascular disease, 695

**ANKYLOSING SPONDYLITIS**

Spondyloarthritis: update on pathogenesis and management (R), 592

**ANTIBIOTICS**

Differences in antibiotic prescribing among physicians, residents, and nonphysician clinicians, 641

Fluoroquinolone prescribing in the United States: 1995 to 2002, 259

**ANTIBIOTIC TREATMENT**

Three-day vs longer duration of antibiotic treatment for cystitis in women: Systematic review and meta-analysis (R), 1196

**ANTICOAGULANTS**

Incidence of intracranial hemorrhage in patients with atrial fibrillation who are prone to fall, 612

**ANTICOAGULENTS, ECONOMICS**

Cost-effectiveness of prophylactic low molecular weight heparin in pregnant women with a prior history of venous thromboembolism, 503

**ANTICOAGULENTS, THERAPEUTIC USE**

Cost-effectiveness of prophylactic low molecular weight heparin in pregnant women with a prior history of venous thromboembolism, 503

**ANTIHYPERTENSIVE THERAPY**

Update on the drug treatment of hypertension in patients with cardiovascular disease, 695

**ANTI-RESORPTIVE**

A rational approach to evidence gaps in the management of osteoporosis (R), 1183

**ANTIVIRAL THERAPY**

Vaccination versus treatment of influenza in working adults: a cost-effectiveness analysis, 68

**AORTIC STENOSIS**

Aortic valve replacement in patients with mild or moderate aortic stenosis and coronary bypass surgery, 735

**APM PERSPECTIVES**

Avoiding the winner's curse in faculty recruitment, 1290

Closing the gap between internal medicine training and practice: Recommendations from recent graduates, 680

Crafting an effective strategic plan for a department of medicine, 315

Educational responses to declining student interest in internal medicine careers, 1164

Estimating the cost to departments of medicine of training residents and fellows: A collaborative analysis, 557

Internal medicine residency training in the 21st century: Aligning requirements with professional needs, 1042

Introduction to clinical medicine: A time for consensus and integration, 189

Medical professionalism and the generation gap, 439

Part-time medical practice: where is it headed?, 87

Perceived impact of duty hours limits on the fragmentation of patient care: Results from an academic health center, 788

Primary care physicians, office-based practice, and the meaning of quality improvement, 917

Restructuring the academic department of internal medicine, 1430

**ARRHYTHMIA**

Overweight and obesity as risk factors for atrial fibrillation or flutter: The Danish Diet, Cancer, and Health Study, 489

**ASPIRIN**

Incidence of intracranial hemorrhage in patients with atrial fibrillation who are prone to fall, 612

Low-dose aspirin increases aspirin resistance in patients with coronary artery disease, 723

**ATRIAL FIBRILLATION**

Incidence of intracranial hemorrhage in patients with atrial fibrillation who are prone to fall, 612

**ATRIAL FLUTTER**

Atrial flutter and the risk of thromboembolism: A systematic review and meta-analysis (R), 101

**ATROPHIC GASTRITIS**

Food-cobalamin malabsorption in elderly patients: Clinical manifestations and treatment, 1154

**AUTOANTIBODY**

Initial laboratory findings useful for predicting the diagnosis of idiopathic thrombocytopenic purpura, 1026

**AUTOPSY**

Recurrent infarction causes the most deaths following myocardial infarction with left ventricular dysfunction, 752

**BACTEREMIA**

Community-acquired pneumonia as the initial manifestation of serious underlying diseases, 378

Risk of endocarditis among patients with prosthetic valves and *Staphylococcus aureus* bacteremia, 225

**BACTERIAL**

Enterococcal endocarditis: 107 cases from the international collaboration on endocarditis merged database, 759

**BALANCE**

The effect of hormone replacement on physical performance in community-dwelling elderly women, 1232

**BENIGN PROSTATIC HYPERPLASIA**

Managing patients with lower urinary tract symptoms suggestive of benign prostatic hyperplasia (R), 1331

**BETA-BLOCKERS**

Update on the drug treatment of hypertension in patients with cardiovascular disease, 695

**BIBLIOMETRIC METHODS**

Tracking publication outcomes of National Institutes of Health grants, 658

**BILIOPANCREATIC DIVERSION**

Differential effect of weight loss on insulin resistance in surgically treated obese patients, 51

**BIRTH DEFECTS**

Prescription of teratogenic medications in United States ambulatory practices, 1240

**BODY MASS INDEX**

Elevated body mass index and intermediate-term clinical outcomes after acute coronary syndromes, 981

Overweight and obesity as risk factors for atrial fibrillation or flutter: The Danish Diet, Cancer, and Health Study, 489

## BODY WEIGHT

The effects of a low-fat, plant-based dietary intervention on body weight, metabolism, and insulin sensitivity, 991

## BONES

A clinical and therapeutic approach to thyrotoxicosis with thyroid-stimulating hormone suppression only (R), 349

## BONE MARROW TRANSPLANTATION

Endocrine disorders during the first year after autologous stem-cell transplant, 664

## BRIEF OBSERVATIONS

ACE inhibitor reminders attached to echocardiography reports of patients with reduced left ventricular ejection fraction, 1034

Anemia and ischemia: Myocardial injury in patients with gastrointestinal bleeding, 548

Autoantibodies against carbonic anhydrase II are increased in renal tubular acidosis associated with Sjögren syndrome, 181

Characterizing Gulf War Illnesses: Neurally mediated hypotension and postural tachycardia syndrome, 1421

Detection of left atrial enlargement using hand-carried ultrasound devices to screen for cardiac abnormalities, 912

Dispensing of proton pump inhibitor medication is independently associated with subsequent asthma emergency hospital utilization, 431

The effect of self monitoring of blood glucose concentrations on glycated hemoglobin levels in diabetic patients not taking insulin: A blinded, randomized trial, 422

Effects of proton pump inhibitors on calcium carbonate absorption in women: A randomized crossover trial, 778

Efficacy of lidocaine in the treatment of pruritus in patients with chronic cholestatic liver diseases, 1160

Idiopathic retroperitoneal fibrosis associated with immunohematological abnormalities, 782

Incidence and prognosis of acute heart failure in the thrombotic microangiopathies, 544

Intravenous cyclophosphamide in refractory polyneuropathy associated with IgM monoclonal gammopathy: An uncontrolled open trial, 426

Long-term effects of radiation dose on inflammatory markers in atomic bomb survivors, 83

Nutrition and racial differences in cardiovascular events and survival in elderly dialysis patients, 671

Pica and food craving in patients with iron-deficiency anemia: A case-control study in France, 185

Polymorphisms of endothelial nitric oxide synthase and angiotensin-converting enzyme in systemic sclerosis, 907

Prevalence of elevated ankle-brachial index in the United States 1999 to 2002, 676

Psychoactive drugs, alcohol, and severe hypoglycemia in insulin-treated diabetes: Analysis of 141 cases, 307

Risk of first-time hospitalization for angioedema among users of ACE inhibitors and angiotensin receptor antagonists, 1428

Safety of calcium antagonists: More ACTION, 1418

Skeletal fluorosis and instant tea, 78

Spontaneous and reflex movements in 107 patients with brain death, 311

Treatment of rheumatic inflammatory disease in 25 patients with secondary amyloidosis using tumor necrosis factor alpha antagonists, 552

Unusual manifestations of disseminated Histoplasmosis in patients responding to antiretroviral therapy, 1038

## CALCIUM ANTAGONISTS

Update on the drug treatment of hypertension in patients with cardiovascular disease, 695

## CANCER

Screening for colorectal, breast, and cervical cancer in the elderly: A review of the evidence (R), 1078

## CANCER PREVENTION

Lifetime implications and cost-effectiveness of using finasteride to prevent prostate cancer, 850

## CARDIAC OUTPUT

The diabetic lung: Relevance of alveolar microangiopathy for the use of inhaled insulin (R), 205

## CARDIOMYOPATHY

Heart failure in  $\beta$ -thalassemia syndromes: A decade of progress (R), 957

## CARDIOPULMONARY RESUSCITATION

Cost-effectiveness of training unselected laypersons in cardiopulmonary resuscitation and defibrillation, 58

## CARDIOVASCULAR

Perioperative cardiovascular mortality in noncardiac surgery: Validation of the Lee cardiac risk index, 1134

## CARDIOVASCULAR DISEASE

Diabetes, prediabetes, and cardiovascular risk: Shifting the paradigm, 939

Low HDL-C: A secondary target of dyslipidemia therapy, 1067

Serum uric acid and cardiovascular disease: Recent developments, and where do they leave us? (R), 816

## CARDIOVASCULAR RISK FACTORS

A randomized trial of a primary care-based disease management program to improve cardiovascular risk factors and glycated hemoglobin levels in patients with diabetes, 276

## CARPAL TUNNEL SYNDROME

Consumer health information on the Internet about carpal tunnel syndrome: Indicators of accuracy, 168

## CAUSE OF DEATH

Recurrent infarction causes the most deaths following myocardial infarction with left ventricular dysfunction, 752

## CELECOXIB

A Celecoxib compared with lansoprazole and naproxen to prevent gastrointestinal ulcer complications, 1271

## CEREBRAL HEMORRHAGE

Association between fish consumption and all-cause and cause-specific mortality in Japan: NIPPON DATA80, 1980-99, 239

## CEREBRAL INFARCTION

Association between fish consumption and all-cause and cause-specific mortality in Japan: NIPPON DATA80, 1980-99, 239

## CHELATION THERAPY

Heart failure in  $\beta$ -thalassemia syndromes: A decade of progress (R), 957

## CHOLESTEROL

Cardiovascular risk factors in minorities (R), 1314

**CHRONIC HEART FAILURE**

Triiodothyronine levels for risk stratification of patients with chronic heart failure, 132

**CITRUS AURANTIUM**

Hemodynamic effects of ephedra-free weight-loss supplements in humans, 998

**CLINICAL COMMUNICATIONS TO THE EDITOR**

Azithromycin-induced hepatotoxicity, 1438

Amelioration of differentiation of dendritic cells from CVID patients by intravenous immunoglobulin, 1439

Atopic dermatitis—a risk factor for invasive *Staphylococcus aureus* infections: Two cases and review, 1047

*Candida tropicalis* osteomyelitis: Case report and review of literature, 794

A case of ulcerative colitis in which colitic cancer was predictable by a cDNA array analysis, 688

Diagnosing porcelain gallbladder, 1171

Disseminated nocardiosis with initial manifestation mimicking disease flare-up of systemic lupus erythematosus in an SLE patient, 1295

*Echinococcus multilocularis* massive pericardial infection: Late and dramatic improvement under albendazole therapy, 195

Female genital tuberculosis: Uncommon presentation of tuberculosis in the United States, 1295

Hemophagocytosis in the peripheral blood due to tuberculosis mycobacteremia, 1295

Hepatocellular carcinoma with extension into the right atrium, 1436

Impetigo-like vegetating nasal lesions caused by *Klebsiella pneumoniae*, 923

Multifocal septic arthritis: An unusual complication of invasive *Streptococcus pyogenes* infection, 923

New-onset insulinopenic diabetes mellitus in a patient with an incidentally discovered renal cell carcinoma, 1047

Painless right hemorrhagic pleural effusions as presentation sign of aortic dissecting aneurysm, 794

Relapsing esophageal and gastric ulcers revealing Wegener's granulomatosis, 923

Reversal of a potent investigational anticoagulant: Idaraparinux with recombinant factor VIIa, 1171

Synovial neurofibromatosis in von Recklinghausen's disease, 794

Terlipressin avoids hemodialysis in the treatment of refractory hyperkalemia associated with renal dysfunction in cirrhosis, 1047

Thromboxane-dependent portopulmonary hypertension, 93

Thyrotoxicosis and pulmonary hypertension, 923

Treatment of plantar warts with oral Valacyclovir, 688

Utility of PCR in diagnosing complicated cases of unusual clinical manifestations of *Salmonella enterica* var. *paratyphi* A, 794

Very high cerebrospinal fluid protein in a patient with hyperosmolar coma, 1437

**CLINICAL NURSE SPECIALIST**

Effect of a nurse team coordinator on outcomes for hospitalized medicine patients, 1148

**CLINICAL PRACTICE GUIDELINES**

Group versus individual academic detailing to improve the use of antihypertensive medications in primary care: a cluster-randomized controlled trial, 521

**CLINICAL PREDICTION RULE**

Prospective comparison of three validated prediction rules for prognosis in community-acquired pneumonia, 384

**CLINICAL SCORE**

A simple clinical score accurately predicts outcome in a community-based population undergoing stress testing, 866

**CLINICAL TRIALS**

Update on the drug treatment of hypertension in patients with cardiovascular disease, 695

**COBALAMIN DEFICIENCY**

Food-cobalamin malabsorption in elderly patients: Clinical manifestations and treatment, 1154

**COGNITIVE DECLINE**

Homocysteine versus the vitamins folate, B<sub>6</sub>, and B<sub>12</sub> as predictors of cognitive function and decline in older high-functioning adults: MacArthur Studies of Successful Aging, 161

**COGNITIVE FUNCTION**

The effect of hormone replacement on physical performance in community-dwelling elderly women, 1232

**COGNITIVE IMPAIRMENT**

Homocysteine versus the vitamins folate, B<sub>6</sub>, and B<sub>12</sub> as predictors of cognitive function and decline in older high-functioning adults: MacArthur Studies of Successful Aging, 161

**COHORT**

Mortality in systemic sclerosis: an international meta-analysis of individual patient data (R), 2

**COLONOSCOPY**

Risk of proximal colorectal neoplasia among asymptomatic patients with distal hyperplastic polyps, 1113

**COLORECTAL CANCER**

Risk of proximal colorectal neoplasia among asymptomatic patients with distal hyperplastic polyps, 1113

**COMMUNITY-ACQUIRED PNEUMONIA**

Arterial carbon dioxide tension on admission as a marker of in-hospital mortality in community-acquired pneumonia, 145

Community-acquired pneumonia as the initial manifestation of serious underlying diseases, 378

Low-risk patients admitted with community-acquired pneumonia, 1357

Prospective comparison of three validated prediction rules for prognosis in community-acquired pneumonia, 384

**COMORBID CONDITIONS**

Community-acquired pneumonia as the initial manifestation of serious underlying diseases, 378

**COMORBIDITY**

The prevalence and impact of alcohol problems in major depression: A systematic review (R), 330

**COMPENSATION**

Assessment of medical school institutional review board policies regarding compensation of subjects for research-related injury, 175

**COMPLAINTS**

The relation of patient satisfaction with complaints against physicians and malpractice lawsuits, 1126

**COMPLEMENTARY THERAPIES**

Lack of herbal supplement characterization in published randomized controlled trials (R), 1087

**COMPLICATIONS**

Low-risk patients admitted with community-acquired pneumonia, 1357

**COMPUTER SIMULATION**

Estimating the proportion of patients infected with HIV who will die of comorbid diseases, 890

**CONGENITAL INFECTION**

Toxoplasmosis in pregnancy (R), 212

**CONSUMER HEALTH INFORMATION**

Consumer health information on the Internet about carpal tunnel syndrome: Indicators of accuracy, 168

**CONTINUING MEDICAL EDUCATION**

Impact of a general practitioner educational intervention on osteoarthritis treatment in an elderly population, 1262

**CONTRACEPTION**

Prescription of teratogenic medications in United States ambulatory practices, 1240

**CONTRAST MEDIA**

Statin therapy reduces contrast-induced nephropathy: An analysis of contemporary percutaneous interventions, 843

**CONTRAST NEPHROPATHY**

Statin therapy reduces contrast-induced nephropathy: An analysis of contemporary percutaneous interventions, 843

**CORONARY**

Cardiovascular risk factors in minorities (R), 1314

**CORONARY ANGIOGRAPHY**

How should patients with unstable angina and non-ST-segment elevation myocardial infarction be managed? A meta-analysis of randomized trials (R), 465

**CORONARY ARTERY BYPASS**

Aortic valve replacement in patients with mild or moderate aortic stenosis and coronary bypass surgery, 735

**CORONARY ARTERY DISEASE**

Elevated body mass index and intermediate-term clinical outcomes after acute coronary syndromes, 981

Outcomes in African Americans and whites after percutaneous coronary intervention, 1019

A simple clinical score accurately predicts outcome in a community-based population undergoing stress testing, 866

**CORONARY DISEASE**

Low-dose aspirin increases aspirin resistance in patients with coronary artery disease, 723

Primary angioplasty in acute myocardial infarction: Hypothetical estimate of superiority over aspirin or untreated controls, 113

White blood cell count and the incidence of ischemic stroke in coronary heart disease patients, 1004

**CORONARY HEART DISEASE**

Association between fish consumption and all-cause and cause-specific mortality in Japan: NIPPON DATA80, 1980-99, 239

**CORONARY STENTING**

Latin American randomized trial of balloon angioplasty vs coronary stenting for small vessels (LASMAL): Immediate and long-term results, 743

**CORTICOSTEROIDS**

Injectable corticosteroids in treatment of arthritis of the knee (R), 1208

**COST**

Estimating the patient care costs of teaching in a teaching hospital, 767

The impact of low health literacy on the medical costs of Medicare managed care enrollees, 371

**COST ANALYSIS**

The impact of low health literacy on the medical costs of Medicare managed care enrollees, 371

**COST-BENEFIT ANALYSIS**

Cost-effectiveness of training unselected laypersons in cardiopulmonary resuscitation and defibrillation, 58

**COSTS AND COST ANALYSIS**

Cost-effectiveness of prophylactic low molecular weight heparin in pregnant women with a prior history of venous thromboembolism, 503

**COST-EFFECTIVENESS**

Oral anticoagulation strategies after a first idiopathic venous thromboembolic event, 625

Lifetime implications and cost-effectiveness of using finasteride to prevent prostate cancer, 850

Routine human immunodeficiency virus testing: An economic evaluation of current guidelines, 292

Vaccination versus treatment of influenza in working adults: a cost-effectiveness analysis, 68

**CRANIOPHARYNGIOMA**

Endocrine and neuroanatomic features associated with weight gain and obesity in adult patients with hypothalamic damage, 45

**CUSHING'S SYNDROME**

Evaluation and treatment of Cushing's syndrome (R), 1340

**CUTANEOUS LUPUS**

Thalidomide for the treatment of resistant cutaneous lupus: efficacy and safety of different therapeutic regimens, 246

**CYSTITIS**

Three-day vs longer duration of antibiotic treatment for cystitis in women: Systematic review and meta-analysis (R), 1196

**CYTOKINES**

Progression of chronic kidney disease: Can it be prevented or arrested? (R), 1323

**DATABASE**

Perioperative cardiovascular mortality in noncardiac surgery: Validation of the Lee cardiac risk index, 1134

**DECISION MODEL**

Vaccination versus treatment of influenza in working adults: a cost-effectiveness analysis, 68

**DECISION SUPPORT TECHNIQUES**

Cost-effectiveness of prophylactic low molecular weight heparin in pregnant women with a prior history of venous thromboembolism, 503

**DECISION-MAKING**

What do patients consider when making decisions about treatment for hepatitis C?, 1387

**DEEP VEIN THROMBOSIS**

Obesity as a risk factor in venous thromboembolism, 978

Variability in the use of thromboprophylaxis and outcomes in critically ill medical patients, 1373

**DEMENTIA**

Correlates of cognitive impairment among patients with heart failure: Results of a multicenter survey, 496

**DEPRESSION**

The prevalence and impact of alcohol problems in major depression: A systematic review (R), 330

**DEPRESSIVE DISORDER**

The prevalence and impact of alcohol problems in major depression: A systematic review (R), 330

**DIABETES**

Cardiovascular risk factors in minorities (R), 1314

Diabetes, prediabetes, and cardiovascular risk: Shifting the paradigm, 939

A randomized trial of a primary care-based disease management program to improve cardiovascular risk factors and glycated hemoglobin levels in patients with diabetes, 276

**DIABETES MELLITUS**

The diabetic lung: Relevance of alveolar microangiopathy for the use of inhaled insulin (R), 205

**DIABETIC NEPHROPATHY**

Progression of chronic kidney disease: Can it be prevented or arrested? (R), 1323

**DIAGNOSTIC DILEMMA**

A 57-year-old man with a 6-day headache and fatigue, 219

A pressing situation, 1347

Host to an intruder, 1102

Persistent lower abdominal and groin pain: What is the diagnosis?, 364

The rare needle in a diagnostic haystack, 720

Time tells the tale, 840

An unexpected finding, 277

Unsteady, unfocused, and unable to hear, 1215

An unusual cause of acute abdomen, 1354

An unusual development, 609

A very close call, 968

**DIAGNOSIS**

A clinical and therapeutic approach to thyrotoxicosis with thyroid-stimulating hormone suppression only (R), 349

The composition of normal pericardial fluid and its implications for diagnosing pericardial effusions, 636

Initial laboratory findings useful for predicting the diagnosis of idiopathic thrombocytopenic purpura, 1026

Managing patients with lower urinary tract symptoms suggestive of benign prostatic hyperplasia (R), 1331

Prevention of osteoporotic fractures in the elderly (R), 1190

**DIASTOLIC DYSFUNCTION**

Prevalence of diastolic dysfunction as a possible cause of dyspnea in the elderly, 25

**DIET**

The effects of a low-fat, plant-based dietary intervention on body weight, metabolism, and insulin sensitivity, 991

**DIETARY SUPPLEMENTS**

Hemodynamic effects of ephedra-free weight-loss supplements in humans, 998

Lack of herbal supplement characterization in published randomized controlled trials (R), 1087

**DIFFUSING CAPACITY FOR CARBON MONOXIDE**

Lung cancer: Preoperative pulmonary evaluation of the lung resection candidate (R), 578

**DIRECTIVE COUNSELING**

Post-myocardial infarction smoking cessation counseling: Associations with immediate and late mortality in older Medicare patients, 269

**DISCIPLINARY ACTION**

Disciplinary action against physicians: Who is likely to get disciplined?, 773

**DISCIPLINE**

Disciplinary action against physicians: Who is likely to get disciplined?, 773

**DISCLOSURE**

Iatrogenic events resulting in intensive care admission: Frequency, cause, and disclosure to patients and institutions, 409

**DISCONTINUATION**

Infliximab therapy in established rheumatoid arthritis: An observational study, 515

**DISEASE MANAGEMENT**

A randomized trial of a primary care-based disease management program to improve cardiovascular risk factors and glycated hemoglobin levels in patients with diabetes, 276

**DISPARITY**

Adjustment for do-not-resuscitate orders reverses the apparent in-hospital mortality advantage for minorities, 400

**DIURETICS**

Update on the drug treatment of hypertension in patients with cardiovascular disease, 695

**DOCTOR PATIENT RELATIONSHIP**

52 precepts that medical trainees and physicians should consider regularly, 435

**DO-NOT-RESUSCITATE**

Adjustment for do-not-resuscitate orders reverses the apparent in-hospital mortality advantage for minorities, 400

**DOPPLER ECHOCARDIOGRAPHY**

Cardiovascular abnormalities in hyperthyroidism: A prospective Doppler echocardiographic study, 126

**DOPPLER FLOW**

Prevalence of diastolic dysfunction as a possible cause of dyspnea in the elderly, 25

**DRUGS**

Food-cobalamin malabsorption in elderly patients: Clinical manifestations and treatment, 1154

**DRUG IMPURITY**

Lack of herbal supplement characterization in published randomized controlled trials (R), 1087

**DRUG SAMPLES**

Do drug samples influence resident prescribing behavior? A randomized trial, 881

**DURATION OF TREATMENT**

Three-day vs longer duration of antibiotic treatment for cystitis in women: Systematic review and meta-analysis (R), 1196

**DYSLIPIDEMIA**

Low HDL-C: A secondary target of dyslipidemia therapy, 1067

**DYSPEPSIA**

*Helicobacter pylori* eradication in the management of patients with idiopathic thrombocytopenic purpura, 414

**DYSPNEA**

Prevalence of diastolic dysfunction as a possible cause of dyspnea in the elderly, 25

**ECG IMAGE OF THE MONTH**

An 18-year-old man with peculiar QRS complexes, 222

Acute myocardial infarction, 718

A chilling tale, 1108

Diagnosing chest pain, 23

Moving to a slow beat, 480

A pointed clue, 1221

Syncope in a man with a pacemaker, 111

A treacherous trait, 976

A treatment option for some failing hearts, 368

Evolution of a T wave, 1352

What is the real rhythm?, 838

When minutes go missing, 606

### ECHOCARDIOGRAPHY

Aortic valve replacement in patients with mild or moderate aortic stenosis and coronary bypass surgery, 735

Pacemaker stress echocardiography predicts cardiac events in patients with permanent pacemaker, 1381

Prevalence of diastolic dysfunction as a possible cause of dyspnea in the elderly, 25

**META-ANALYSIS**

Atrial flutter and the risk of thromboembolism: A systematic review and meta-analysis (R), 101

How should patients with unstable angina and non-ST-segment elevation myocardial infarction be managed? A meta-analysis of randomized trials (R), 465

Mortality in systemic sclerosis: an international meta-analysis of individual patient data (R), 2

Primary angioplasty in acute myocardial infarction: Hypothetical estimate of superiority over aspirin or untreated controls, 113

Subglottic secretion drainage for preventing ventilator-associated pneumonia: a meta-analysis (R), 11

**METABOLIC SYNDROME**

Diabetes, prediabetes, and cardiovascular risk: Shifting the paradigm, 939

**METABOLISM**

The effects of a low-fat, plant-based dietary intervention on body weight, metabolism, and insulin sensitivity, 991

**META-REGRESSION**

How should patients with unstable angina and non-ST-segment elevation myocardial infarction be managed? A meta-analysis of randomized trials (R), 465

**MICROCHIMERISM**

Male microchimerism in women without sons: Quantitative assessment and correlation with pregnancy history, 899

**MILD PERSISTENT ASTHMA**

Short-term and long-term asthma control in patients with mild persistent asthma receiving montelukast or fluticasone: a randomized controlled trial, 649

**MINORITIES**

Cardiovascular risk factors in minorities (R), 1314

**MIXED REGRESSION MODELS**

A comparison of two hospitalist models with traditional care in a community teaching hospital, 536

**MOBILITY**

The effect of hormone replacement on physical performance in community-dwelling elderly women, 1232

**MODE OF DEATH**

Recurrent infarction causes the most deaths following myocardial infarction with left ventricular dysfunction, 752

**MONTELUKAST**

Short-term and long-term asthma control in patients with mild persistent asthma receiving montelukast or fluticasone: a randomized controlled trial, 649

**MORBID OBESITY**

Differential effect of weight loss on insulin resistance in surgically treated obese patients, 51

**MORBIDITY**

A clinical and therapeutic approach to thyrotoxicosis with thyroid-stimulating hormone suppression only (R), 349

**MORPHINE**

Eliminating analgesic meperidine use with a supported formulary restriction, 885

**MORTALITY**

Adjustment for do-not-resuscitate orders reverses the apparent in-hospital mortality advantage for minorities, 400

Arterial carbon dioxide tension on admission as a marker of in-hospital mortality in community-acquired pneumonia, 145

A clinical and therapeutic approach to thyrotoxicosis with thyroid-stimulating hormone suppression only (R), 349

Elevated body mass index and intermediate-term clinical outcomes after acute coronary syndromes, 981

Estimating the proportion of patients infected with HIV who will die of comorbid diseases, 890

Has mortality from acute renal failure decreased? A systematic review of the literature (R), 827

Medication performance measures and mortality following acute coronary syndromes, 858

Mortality in systemic sclerosis: an international meta-analysis of individual patient data (R), 2

Physician specialty and mortality among elderly patients hospitalized with heart failure, 1120

Post-myocardial infarction smoking cessation counseling: Associations with immediate and late mortality in older Medicare patients, 269

**MYOCARDIAL INFARCTION**

Elevated body mass index and intermediate-term clinical outcomes after acute coronary syndromes, 981

Primary angioplasty in acute myocardial infarction: Hypothetical estimate of superiority over aspirin or untreated controls, 113

Recurrent infarction causes the most deaths following myocardial infarction with left ventricular dysfunction, 752

Post-myocardial infarction smoking cessation counseling: Associations with immediate and late mortality in older Medicare patients, 269

**MYOCARDIAL REVASCULARIZATION**

How should patients with unstable angina and non-ST-segment elevation myocardial infarction be managed? A meta-analysis of randomized trials (R), 465

**NAMCS**

Differences in antibiotic prescribing among physicians, residents, and nonphysician clinicians, 641

**NATIONAL AMBULATORY MEDICAL CARE SURVEY (NAMCS)**

Prescription of teratogenic medications in United States ambulatory practices, 1240

**NEUROPATHY**

Thalidomide for the treatment of resistant cutaneous lupus: efficacy and safety of different therapeutic regimens, 246

**NHAMCS**

Differences in antibiotic prescribing among physicians, residents, and nonphysician clinicians, 641

**NONINVASIVE VENTILATION**

Recent advances in mechanical ventilation (R), 584

**NONSTEROIDAL ANTI-INFLAMMATORY DRUGS**

Impact of a general practitioner educational intervention on osteoarthritis treatment in an elderly population, 1262

**NSAIDS**

A Celecoxib compared with lansoprazole and naproxen to prevent gastrointestinal ulcer complications, 1271

**NURSING HOMES**

The incidence of adverse drug events in two large academic long-term care facilities, 251

**OBESITY**

Elevated body mass index and intermediate-term clinical outcomes after acute coronary syndromes, 981

Endocrine and neuroanatomic features associated with weight gain and obesity in adult patients with hypothalamic damage, 45

Obesity as a risk factor in venous thromboembolism, 978

The obesity hypoventilation syndrome, 948

**OBESITY HYPOVENTILATION SYNDROME**

The obesity hypoventilation syndrome, 948

**OBSTRUCTIVE LUNG DISEASES**

Airway obstruction in never smokers: Results from the Third National Health and Nutrition Examination Survey, 1364

**OBSTRUCTIVE SLEEP APNEA SYNDROME**

The obesity hypoventilation syndrome, 948

**OBSTRUCTIVE SLEEP APNEA-HYPOPNEA SYNDROME**

The obesity hypoventilation syndrome, 948

**OCTOGENARIANS**

Are we giving too much iron? Low-dose iron therapy is effective in octogenarians, 1142

**OFFICE MANAGEMENT**

Office management of heart failure in the elderly (R), 342

**OLDER ADULT**

Physical symptoms as a predictor of health care use and mortality among older adults, 301

**ORAL COBALAMIN TREATMENT**

Food-cobalamin malabsorption in elderly patients: Clinical manifestations and treatment, 1154

**OSTEOARTHRITIS**

Impact of a general practitioner educational intervention on osteoarthritis treatment in an elderly population, 1262

Injectable corticosteroids in treatment of arthritis of the knee (R), 1208

**OSTEOPENIA**

A rational approach to evidence gaps in the management of osteoporosis (R), 1183

**OSTEOPOROSIS**

Homocysteine as a predictive factor for hip fracture in elderly women with Parkinson's disease, 1250

Prevention of osteoporotic fractures in the elderly (R), 1190

A rational approach to evidence gaps in the management of osteoporosis (R), 1183

#### OUTCOMES

Low-risk patients admitted with community-acquired pneumonia, 1357

#### OUTCOMES ASSESSMENT

Elevated body mass index and intermediate-term clinical outcomes after acute coronary syndromes, 981

#### OXYGEN TRANSPORT

The diabetic lung: Relevance of alveolar microangiopathy for the use of inhaled insulin (R), 205

#### PACEMAKER

Pacemaker stress echocardiography predicts cardiac events in patients with permanent pacemaker, 1381

#### PAP SMEAR SCREENING

Screening for cervical cancer: Will women accept less?, 151

#### PARATHYROID HORMONE

Hypophosphatemia: An update on its etiology and treatment (R), 1094

A rational approach to evidence gaps in the management of osteoporosis (R), 1183

#### PARKINSON'S DISEASE

Homocysteine as a predictive factor for hip fracture in elderly women with Parkinson's disease, 1250

#### PATHOPHYSIOLOGY

Spondyloarthritis: update on pathogenesis and management (R), 592

#### PATIENT CARE

52 precepts that medical trainees and physicians should consider regularly, 435

#### PATIENT EDUCATION

The impact of low health literacy on the medical costs of Medicare managed care enrollees, 371

#### PATIENT SAFETY

The incidence of adverse drug events in two large academic long-term care facilities, 251

The relation of patient satisfaction with complaints against physicians and malpractice lawsuits, 1126

#### PATIENT SATISFACTION

Is hospital service associated with racial and ethnic disparities in experiences with hospital care?, 529

#### PATIENT TRUST

What to wear today? Effect of doctor's attire on the trust and confidence of patients, 1279

#### PEGYLATED-INTERFERON

What do patients consider when making decisions about treatment for hepatitis C?, 1387

#### PERCEPTION

Gender and perceived severity of cardiac disease: Evidence that women are "tougher", 1256

#### PERCUTANEOUS CORONARY INTERVENTION

Latin American randomized trial of balloon angioplasty vs coronary stenting for small vessels (LASMAL): Immediate and long-term results, 743

Outcomes in African Americans and whites after percutaneous coronary intervention, 1019

#### PERICARDIAL FLUID

The composition of normal pericardial fluid and its implications for diagnosing pericardial effusions, 636

#### PERICARDIUM

The composition of normal pericardial fluid and its implications for diagnosing pericardial effusions, 636

#### PHARMACEUTICAL INDUSTRY

Do drug samples influence resident prescribing behavior? A randomized trial, 881

#### PHARMACISTS

A randomized trial of a primary care-based disease management program to improve cardiovascular risk factors and glycated hemoglobin levels in patients with diabetes, 276

#### PHARMACOLOGY

Hemodynamic effects of ephedra-free weight-loss supplements in humans, 998

#### PHOSPHATES

Hypophosphatemia: An update on its etiology and treatment (R), 1094

#### PHOSPHATE DEPLETION

Hypophosphatemia: An update on its etiology and treatment (R), 1094

#### PHOSPHATE REGULATION

Hypophosphatemia: An update on its etiology and treatment (R), 1094

#### PHOSPHATONINS

Hypophosphatemia: An update on its etiology and treatment (R), 1094

#### PHYSICAL ACTIVITY

The effect of hormone replacement on physical performance in community-dwelling elderly women, 1232

#### PHYSICIAN

Disciplinary action against physicians: Who is likely to get disciplined?, 773

#### PHYSICIAN ATTIRE

What to wear today? Effect of doctor's attire on the trust and confidence of patients, 1279

#### PHYSICIAN DRESS

What to wear today? Effect of doctor's attire on the trust and confidence of patients, 1279

#### PHYSICIAN GROWTH AND IMPROVEMENT

52 precepts that medical trainees and physicians should consider regularly, 435

#### PHYSICIAN SATISFACTION

52 precepts that medical trainees and physicians should consider regularly, 435

#### PHYSICIAN SELF-EVALUATION

52 precepts that medical trainees and physicians should consider regularly, 435

#### PHYSICIANS' PRACTICE PATTERNS

Fluoroquinolone prescribing in the United States: 1995 to 2002, 259

#### PICKWICKIAN SYNDROME

The obesity hypoventilation syndrome, 948

#### PITUITARY NEOPLASMS

Evaluation and treatment of Cushing's syndrome (R), 1340

#### PLANTS, MEDICINAL

Lack of herbal supplement characterization in published randomized controlled trials (R), 1087

#### PLATELETS

Low-dose aspirin increases aspirin resistance in patients with coronary artery disease, 723

#### PNEUMONIA

Subglottic secretion drainage for preventing ventilator-associated pneumonia: a meta-analysis (R), 11

**POLYMERASE CHAIN REACTION**

Diagnosis of infectious endocarditis in patients undergoing valve surgery, 230

**POSTMENOPAUSE**

The effects of a low-fat, plant-based dietary intervention on body weight, metabolism, and insulin sensitivity, 991

**PREDICTION**

Perioperative cardiovascular mortality in noncardiac surgery: Validation of the Lee cardiac risk index, 1134

**PREDICTIVE MODEL**

Mortality in systemic sclerosis: an international meta-analysis of individual patient data (R), 2

**PREGNANCY**

Amiodarone and the thyroid (R), 706

Cost-effectiveness of prophylactic low molecular weight heparin in pregnant women with a prior history of venous thromboembolism, 503

Male microchimerism in women without sons: Quantitative assessment and correlation with pregnancy history, 899

**PRESCRIBING**

Differences in antibiotic prescribing among physicians, residents, and nonphysician clinicians, 641

**PRESCRIPTION DRUG**

Prescription of teratogenic medications in United States ambulatory practices, 1240

**PREVALENCE**

Airway obstruction in never smokers: Results from the Third National Health and Nutrition Examination Survey, 1364

The prevalence and impact of alcohol problems in major depression: A systematic review (R), 330

**PREVENTION**

Prevention of osteoporotic fractures in the elderly (R), 1190

**PRIMARY CARE**

Prolonging the return visit interval in primary care, 393

**PRIMARY HEALTH CARE**

The prevalence and impact of alcohol problems in major depression: A systematic review (R), 330

**PRIMARY PREVENTION**

Toxoplasmosis in pregnancy (R), 212

**PROCESSES OF CARE**

Is hospital service associated with racial and ethnic disparities in experiences with hospital care?, 529

**PROGNOSIS**

Pacemaker stress echocardiography predicts cardiac events in patients with permanent pacemaker, 1381

A simple clinical score accurately predicts outcome in a community-based population undergoing stress testing, 866

Triiodothyronine levels for risk stratification of patients with chronic heart failure, 132

**PROSTATE CARCINOMA**

Lifetime implications and cost-effectiveness of using finasteride to prevent prostate cancer, 850

**PROSTHETIC VALVE**

Risk of endocarditis among patients with prosthetic valves and *Staphylococcus aureus* bacteremia, 225

**PROTEIN**

The composition of normal pericardial fluid and its implications for diagnosing pericardial effusions, 636

**PROTEINURIA**

Progression of chronic kidney disease: Can it be prevented or arrested? (R), 1323

**PTCA**

Latin American randomized trial of balloon angioplasty vs coronary stenting for small vessels (LASMAL): Immediate and long-term results, 743

Primary angioplasty in acute myocardial infarction: Hypothetical estimate of superiority over aspirin or untreated controls, 113

**PULMONARY ARTERY CATHETERIZATION**

Pulmonary artery catheterization in acute coronary syndromes: Insights from the GUSTO IIb and GUSTO III trials, 482

**PULMONARY CAPILLARY BLOOD VOLUME**

The diabetic lung: Relevance of alveolar microangiopathy for the use of inhaled insulin (R), 205

**PULMONARY EMBOLISM**

Obesity as a risk factor in venous thromboembolism, 978

Variability in the use of thromboprophylaxis and outcomes in critically ill medical patients, 1373

**PULMONARY HYPERTENSION**

Cardiovascular abnormalities in hyperthyroidism: A prospective Doppler echocardiographic study, 126

**PURPURA**

*Helicobacter pylori* eradication in the management of patients with idiopathic thrombocytopenic purpura, 414

**QUALITY**

Medication performance measures and mortality following acute coronary syndromes, 858

**QUALITY OF CARE**

Effect of a nurse team coordinator on outcomes for hospitalized medicine patients, 1148

Group versus individual academic detailing to improve the use of antihypertensive medications in primary care: a cluster-randomized controlled trial, 521

Quality of care in for-profit and not-for-profit health plans enrolling Medicare beneficiaries, 1392

**QUALITY-ADJUSTED LIFE YEARS**

Cost-effectiveness of training unselected laypersons in cardiopulmonary resuscitation and defibrillation, 58

**QUANTITATIVE CLOT-BURDEN MEASUREMENT**

Quantitative assessment of thrombus burden predicts the outcome of treatment for venous thrombosis: A systematic review (R), 456

**RACE**

Is hospital service associated with racial and ethnic disparities in experiences with hospital care?, 529

Outcomes in African Americans and whites after percutaneous coronary intervention, 1019

**RANDOMIZED CLINICAL TRIAL**

Effect of a nurse team coordinator on outcomes for hospitalized medicine patients, 1148

**REGIMEN**

Initiation of warfarin therapy in elderly medical inpatients: A safe and accurate regimen, 137

**REMISSION**

Thalidomide for the treatment of resistant cutaneous lupus: efficacy and safety of different therapeutic regimens, 246

**RENAL FAILURE**

Has mortality from acute renal failure decreased? A systematic review of the literature (R), 827

**RENIN-ANGIOTENSIN SYSTEM**

Progression of chronic kidney disease: Can it be prevented or arrested? (R), 1323

**RESEARCH FUNDING POLICY**

Tracking publication outcomes of National Institutes of Health grants, 658

**RESIDENTS**

Competency in electrocardiogram interpretation among internal medicine and emergency medicine residents, 873

The rate at which residents learn to use hand-held echocardiography at the bedside, 1010

**RESISTANCE**

Estimating the proportion of patients infected with HIV who will die of comorbid diseases, 890

**RESOURCE UTILIZATION**

A comparison of two hospitalist models with traditional care in a community teaching hospital, 536

**RESPIRATORY SYNCYTIAL VIRUS**

Seasonality of invasive pneumococcal disease: Temporal relation to documented influenza and respiratory syncytial viral circulation, 285

**RESPIRATORY TRACT INFECTIONS**

Differences in antibiotic prescribing among physicians, residents, and nonphysician clinicians, 641

Subglottic secretion drainage for preventing ventilator-associated pneumonia: a meta-analysis (R), 11

**RETICULATED PLATELET**

Initial laboratory findings useful for predicting the diagnosis of idiopathic thrombocytopenic purpura, 1026

**RETURN VISIT INTERVAL**

Prolonging the return visit interval in primary care, 393

**REVASCULARIZATION**

Outcomes in African Americans and whites after percutaneous coronary intervention, 1019

**REVIEW, SYSTEMATIC**

Lack of herbal supplement characterization in published randomized controlled trials (R), 1087

**RHEUMATOID ARTHRITIS**

Injectable corticosteroids in treatment of arthritis of the knee (R), 1208

**RIBAVIRIN**

What do patients consider when making decisions about treatment for hepatitis C?, 1387

**RISK**

Atrial flutter and the risk of thromboembolism: A systematic review and meta-analysis (R), 101

Perioperative cardiovascular mortality in noncardiac surgery: Validation of the Lee cardiac risk index, 1134

**RISK FACTORS**

Airway obstruction in never smokers: Results from the Third National Health and Nutrition Examination Survey, 1364

Cardiovascular risk factors in minorities (R), 1314

Community-acquired pneumonia as the initial manifestation of serious underlying diseases, 378

Serum uric acid and cardiovascular disease: Recent developments, and where do they leave us? (R), 816

Toxoplasmosis in pregnancy (R), 212

**RISK STRATIFICATION**

How should patients with unstable angina and non-ST-segment elevation myocardial infarction be managed? A meta-analysis of randomized trials (R), 465

**SATISFACTION**

The relation of patient satisfaction with complaints against physicians and malpractice lawsuits, 1126

**SCREENING**

Risk of proximal colorectal neoplasia among asymptomatic patients with distal hyperplastic polyps, 1113

Routine human immunodeficiency virus testing: An economic evaluation of current guidelines, 292

**SEASONALITY**

Seasonality of invasive pneumococcal disease: Temporal relation to documented influenza and respiratory syncytial viral circulation, 285

**SEVERITY**

Short-term and long-term asthma control in patients with mild persistent asthma receiving montelukast or fluticasone: a randomized controlled trial, 649

**SEVERITY OF ILLNESS**

Gender and perceived severity of cardiac disease: Evidence that women are "tougher", 1256

**SEX**

Adjustment for do-not-resuscitate orders reverses the apparent in-hospital mortality advantage for minorities, 400

**SEXUAL HEALTH**

Sildenafil use, sexual risk behavior, and risk for sexually transmitted diseases, including HIV infection (R), 571

**SEXUALLY TRANSMITTED DISEASES**

Sildenafil use, sexual risk behavior, and risk for sexually transmitted diseases, including HIV infection (R), 571

**SIGMOIDOSCOPY**

Risk of proximal colorectal neoplasia among asymptomatic patients with distal hyperplastic polyps, 1113

**SMOKING**

Airway obstruction in never smokers: Results from the Third National Health and Nutrition Examination Survey, 1364

Cardiovascular risk factors in minorities (R), 1314

**SOCIOECONOMIC FACTORS**

Airway obstruction in never smokers: Results from the Third National Health and Nutrition Examination Survey, 1364

**SPECIALTY**

Physician specialty and mortality among elderly patients hospitalized with heart failure, 1120

**SPONDYLOARTHRITIS**

Spondyloarthritis: update on pathogenesis and management (R), 592

**STAPHYLOCOCCUS AUREUS**

Enterococcal endocarditis: 107 cases from the international collaboration on endocarditis merged database, 759

Risk of endocarditis among patients with prosthetic valves and *Staphylococcus aureus* bacteremia, 225

### STATINS

Progression of chronic kidney disease: Can it be prevented or arrested? (R), 1323

### STREPTOCOCCUS

Enterococcal endocarditis: 107 cases from the international collaboration on endocarditis merged database, 759

### STREPTOCOCCUS PNEUMONIAE

Seasonality of invasive pneumococcal disease: Temporal relation to documented influenza and respiratory syncytial viral circulation, 285

### STRESS TESTING

Pacemaker stress echocardiography predicts cardiac events in patients with permanent pacemaker, 1381

### SUBCLINICAL HYPERTHYROIDISM

Endocrine disorders during the first year after autologous stem-cell transplant, 664

### SUBCLINICAL

A clinical and therapeutic approach to thyrotoxicosis with thyroid-stimulating hormone suppression only (R), 349

### SURGERY

Perioperative cardiovascular mortality in noncardiac surgery: Validation of the Lee cardiac risk index, 1134

### SYMPTOMS

Physical symptoms as a predictor of health care use and mortality among older adults, 301

### SYSTEMATIC REVIEW

Has mortality from acute renal failure decreased? A systematic review of the literature (R), 827

Quantitative assessment of thrombus burden predicts the outcome of treatment for venous thrombosis: A systematic review (R), 456

### SYSTEMIC SCLEROSIS

Mortality in systemic sclerosis: an international meta-analysis of individual patient data (R), 2

### TEACHING HOSPITALS

Estimating the patient care costs of teaching in a teaching hospital, 767

### TERATOGENS

Prescription of teratogenic medications in United States ambulatory practices, 1240

### TEST FREQUENCY

Screening for cervical cancer: Will women accept less?, 151

### TESTING

Routine human immunodeficiency virus testing: An economic evaluation of current guidelines, 292

### THALASSEMIA

Heart failure in  $\beta$ -thalassemia syndromes: A decade of progress (R), 957

### THERAPEUTIC

Thalidomide for the treatment of resistant cutaneous lupus: efficacy and safety of different therapeutic regimens, 246

### 3-HYDROXY-3-METHYLGLUTARYL COENZYME REDUCTASE INHIBITORS

Evaluation of cases of severe statin-related transaminitis within a large health maintenance organization, 618

### THROMBOCYTOPENIC

*Helicobacter pylori* eradication in the management of patients with idiopathic thrombocytopenic purpura, 414

### THROMBOEMBOLISM

Atrial flutter and the risk of thromboembolism: A systematic review and meta-analysis (R), 101

### THROMBOLYSIS

Primary angioplasty in acute myocardial infarction: Hypothetical estimate of superiority over aspirin or untreated controls, 113

### THROMBOPOIETIN

Initial laboratory findings useful for predicting the diagnosis of idiopathic thrombocytopenic purpura, 1026

### THYROID HORMONE

Triiodothyronine levels for risk stratification of patients with chronic heart failure, 132

### THYROIDITIS

Amiodarone and the thyroid (R), 706

Endocrine disorders during the first year after autologous stem-cell transplant, 664

### TOBACCO CESSATION

Post-myocardial infarction smoking cessation counseling: Associations with immediate and late mortality in older Medicare patients, 269

### TOXOPLASMOSIS

Toxoplasmosis in pregnancy (R), 212

### TRAINING

The rate at which residents learn to use hand-held echocardiography at the bedside, 1010

### TRANSLATION

Tracking publication outcomes of National Institutes of Health grants, 658

### TREATMENT OF VENOUS THROMBOEMBOLISM

Quantitative assessment of thrombus burden predicts the outcome of treatment for venous thrombosis: A systematic review (R), 456

### TREATMENT OUTCOMES

The prevalence and impact of alcohol problems in major depression: A systematic review (R), 330

### TREATMENT

A clinical and therapeutic approach to thyrotoxicosis with thyroid-stimulating hormone suppression only (R), 349

Managing patients with lower urinary tract symptoms suggestive of benign prostatic hyperplasia (R), 1331

Prevention of osteoporotic fractures in the elderly (R), 1190

Spondyloarthritis: update on pathogenesis and management (R), 592

### ULCERS

A Celecoxib compared with lansoprazole and naproxen to prevent gastrointestinal ulcer complications, 1271

### UNSTABLE ANGINA

How should patients with unstable angina and non-ST-segment elevation myocardial infarction be managed? A meta-analysis of randomized trials (R), 465

### URIC ACID

Serum uric acid and cardiovascular disease: Recent developments, and where do they leave us? (R), 816

### VACCINATION

Vaccination versus treatment of influenza in working adults: a cost-effectiveness analysis, 68

### VALVE ANALYSIS

Diagnosis of infectious endocarditis in patients undergoing valve surgery, 230

**VALVE PROSTHESES**

Aortic valve replacement in patients with mild or moderate aortic stenosis and coronary bypass surgery, 735

**VEGETARIANISM**

The effects of a low-fat, plant-based dietary intervention on body weight, metabolism, and insulin sensitivity, 991

**VENOUS THROMBOEMBOLISM**

Obesity as a risk factor in venous thromboembolism, 978

Variability in the use of thromboprophylaxis and outcomes in critically ill medical patients, 1373

**VENOUS THROMBOEMBOLISM  
PROPHYLAXIS**

Variability in the use of thromboprophylaxis and outcomes in critically ill medical patients, 1373

**VENTILATORS**

Subglottic secretion drainage for preventing ventilator-associated pneumonia: a meta-analysis (R), 11

**VITAMIN B<sub>6</sub>**

Homocysteine versus the vitamins folate, B<sub>6</sub>, and B<sub>12</sub> as predictors of cognitive function and decline in older high-functioning adults: MacArthur Studies of Successful Aging, 161

**VITAMIN B<sub>12</sub>**

Homocysteine versus the vitamins folate, B<sub>6</sub>, and B<sub>12</sub> as predictors of cognitive function and decline in older high-functioning adults: MacArthur Studies of Successful Aging, 161

**VITAMIN D**

Hypophosphatemia: An update on its etiology and treatment (R), 1094

**WARFARIN**

Incidence of intracranial hemorrhage in patients with atrial fibrillation who are prone to fall, 612

Initiation of warfarin therapy in elderly medical inpatients: A safe and accurate regimen, 137

Oral anticoagulation strategies after a first idiopathic venous thromboembolic event, 625

**WEANING**

Recent advances in mechanical ventilation (R), 584

**WEIGHT GAIN**

Endocrine and neuroanatomic features associated with weight gain and obesity in adult patients with hypothalamic damage, 45

**WHITE BLOOD CELL**

White blood cell count and the incidence of ischemic stroke in coronary heart disease patients, 1004

**Y CHROMOSOME**

Male microchimerism in women without sons: Quantitative assessment and correlation with pregnancy history, 899
